LEONARDO 500

Milano is the city where Leonardo da Vinci stayed the longest.

Here Leonardo arrived in 1482, at the service of Duke Ludovico Sforza, and his presence has left an indelible mark in the history and artistic production of the City and in the entire region of Lombardy. For this reason, Milano celebrates 500 years since his death with an events schedule that spans nine months (May 2019 – January 2020) which will see its main hub at the Castello Sforzesco.
